

Honour for engg college

BP Poddar Institute Of Management And Technology was awarded the first prize at the valedictory function of Smart India Hackathon 2017. The event saw the unfolding of digital solu-

tions to 17 problem statements shared by the department of atomic energy devised in a 36-hour marathon at WeSchool in Mumbai. Smart India Hackathon 2017 — the world's biggest hackathon — was jointly organized by MHRD and AICTE. It was inaugurated by minister Prakash Javadekar, along with Anil Sahasrabudhe, chairman, AICTE. WeSchool was among the only two B-schools, in addition to 24 engineering institutes, to be chosen for hosting the nationwide initiative. Chief guest K N Vyas, director, BARC, gave away the prizes to the top three teams along with Uday Salunkhe, group director, WeSchool. A trophy and Rs 1 lakh was awarded to BP Poddar's 'Team Braintumor Radionomer' for its solution about extraction of information from imaging and relating them to diseases and outcomes in the form of an app for refraction index mapping by analyzing T2 images of human brain.
